DESCRIPTION

On the edge of Sint-Genesius-Rode, just a stone's throw from Braine-l'Alleud and Waterloo, this charming detached house is waiting for its new residents. Built in 2002 and located on a beautiful plot of 17a 05ca, partly in residential zone and partly in agricultural zone, it offers a unique blend of space, light, nature and comfort.

With a living area of 170 m² (according to the EPC) and breathtaking views over the surrounding fields, this is a place where you can truly unwind every single day. In 2023, the house was thoroughly modernised, including underfloor heating throughout — a major asset for those who value comfort and energy efficiency.

Upon entering, you're welcomed into a spacious open living area that flows seamlessly into a cosy dining room and a fully equipped open kitchen with adjoining utility room. Large windows provide an abundance of natural light and stunning views of the garden and the landscape beyond.

The first floor features three bedrooms, including a master bedroom with walk-in wardrobe and en-suite bathroom with double sink, bathtub, shower and toilet. There is also a separate shower room and an additional toilet — ideal for families or guests.

The property also includes a large basement, a spacious garage, solar panels, and a swimming pool in the garden — perfect for summer days and long evenings with views of the setting sun.

This house is more than just a home. It's a place to live, enjoy and grow. A rare opportunity for those seeking peace, space and a warm atmosphere in a green environment, with all amenities close by.

Curious to find out if this could be your new home? Feel free to get in touch — I'd be happy to arrange a personal visit.
